

1. Welcome
2. Happy Quarters
3. Faculty/Student Engagement Survey Questions: As a general board, SAB discussed what students would like to see as part of faculty and student engagement. We discussed ideas such as more trips like the recent trip with Dr. Chayko to see a performance of "Something Rotten." The board discussed different events such as running with the Deans, a basketball game with the Deans, as well as volunteering with the faculty.
4. Reaching Out to Upperclassmen
 1. Advocacy's Discussion with the Community Liaisons: The Advocacy committee met with Community Liaison about the challenges they faced getting students engaged in their Honors communities. Overall, they felt that in order to engage the upperclassmen, events need to be more catered towards their community such as networking events.
 2. The advocacy committee asked SAB upperclassmen on their experiences with engagement with the Honors College. Many felt that it was hard to come back to the building, once they had moved out. Many upperclassmen had also lost interest but could not be as involved due to harder academics.
5. SAB broke out into smaller pairs to discuss this question: How can best reach out to upperclassmen? How can we better design our programs to include upperclassmen?
 1. Some ideas discussed included having data collected at the Community Liaison events, increasing student involvement by recruiting them to help out with the events as well collaborating with different clubs on campus. We also suggested the idea of having upperclassmen hosting study session with the underclassmen.
6. Updates from the floor
7. Committee Time
